THE BEST OF BOTH WORLDS: **GROHE SMARTCONTROL COMBI SHOWER SYSTEM**

We call it the “excealed” solution – no visible shower rod, just the impressive Rainshower head shower and GROHE SmartControl.

The GROHE SmartControl combi shower system is incredibly flexible, offering a range of different installation options and combinations. For example, you can position the thermostat not simply below the showerhead but even on one of the side walls of the shower.
Flexibility also extends to the way you can combine the thermostat with other GROHE head, hand or body showers, creating your own personal shower experience.
GROHE SmartControl Combi is available in Duo and Mono versions and also offers shelf space for shampoo and shower gel.

And because the piping runs within the wall, cleaning is effortless – just one more of the pleasures you can expect from the GROHE SmartControl combi shower system.

START/STOP & VOLUME
The innovative GROHE SmartControl technology lets you choose your preferred spray pattern – or a combination of spray functions – as well as adjusting the water flow to just the right amount. Nothing could be simpler.

COOLTOUCH CASING
To safeguard you from scalding by coming into contact with a hot surface, GROHE CoolTouch technology ensures that the temperature of the outer casing never exceeds your preferred shower temperature.

TEMPERATURE
GROHE TurboStat technology lies at the heart of this shower system. The thermo-element’s unrivalled sensitivity means it delivers water at the desired temperature within a fraction of a second – and keeps it constant for the duration of your shower.

GROHE SHOWERS
THE SPRAYS

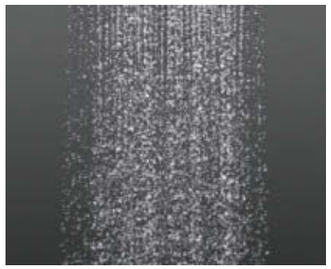

RAIN SPRAY
Wide and luxurious – a soft, delicate pattern to soothe the skin. Mimicking warm summer rain, the spray provides a full and even coverage.

PURERAIN SPRAY
The new and improved Rain spray with larger and softer droplets for a more luxurious showering experience.

ACTIVERAIN SPRAY
Innovative spray to loosen up tense muscles or rinse shampoo out of your hair.

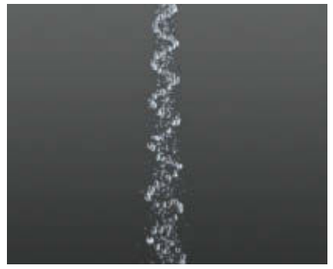

SMARTRAIN SPRAY
All the features and benefits of our authentic Rain spray but with a reduced flow. A smart pattern that uses less water to deliver full showering enjoyment.

JET SPRAY
A focussed circular spray, which delivers a refreshing burst of water. Ideal for stimulating the skin or simply cleaning the bathtub or shower.

PURE SPRAY
The name says it all. A soft stream of pure water delivered from the centre of the shower head – reminiscent of a fresh, mountain spring.

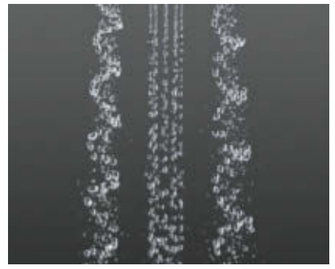

ENJOY VARIETY –
REJUVENATION OR RELAXATION?
Our unique design distributes the same amount of water to each and every nozzle, resulting in an even spray. So whatever pattern suits your mood – Normal, Champagne spray, Pure, Jet, Rain or Massage – you're guaranteed that it will be an all-over exhilarating experience. The new sprays, GROHE PureRain spray, GROHE Bokoma spray and ActiveRain spray, are just the latest examples of GROHE DreamSpray technological innovation.

MASSAGE SPRAY
A pulsating spray pattern for a stimulating massage. Gives a unique and invigorating all-over massage.

BOKOMA SPRAY
Eight dynamic spray nozzles create a 'breathing' effect, recreating the tension-relieving sensation of a fingertip massage.

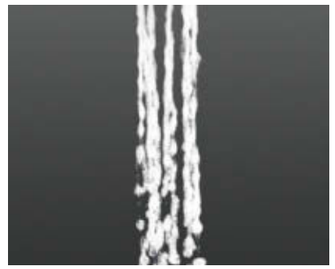

TRIOMASSAGE SPRAY
The combination of the renowned Bokoma spray and two Massage sprays gives you a head and shoulder massage in one combined spray.

WATERFALL SPRAY
An extra wide spout creates the sensual pleasure of a waterfall in your own bathroom.

DRIZZLE SPRAY
Revitalizing cool water mist acts like a fresh sea breeze.

CHAMPAGNE SPRAY
Enriched with air for bigger and softer water droplets. More air means that less water is required when using this fulfilling and gentle spray pattern.
