GROHE's experts announce the innovative quality of their work in so-called "Moments of Truth". These are the moments when the end-user becomes aware of the tangible benefits that the product offers, as well as the achievement that it represents, for the very first time. At these times, all the efforts that have gone into research, development, production and refinement result in genuine delight and authentic satisfaction for the customer.

Designs that match your style. From faucets and shower systems to shower toilets and ceramics – enjoy your perfect GROHE bath experience.

Dear customers,

We know your taste is personal, a style which is distinctly and uniquely you. At GROHE, we not only want to enable you to design a modern bathroom, but to enable you to create your own personal sanctuary within your home. Completing our extensive range of faucets, shower systems and accessories, we now also offer a carefully selected range of sanitary ceramics. We just call it “the perfect match” in design and function. With that holistic portfolio, GROHE is your perfect partner for full bathroom solutions.

If you prefer a modern style, our new Lineare range of bathroom faucets may be just the perfect solution for you. With its cosmopolitan design, Lineare is minimal yet highly inviting. In keeping with the concept of minimalism, these faucets have been reduced to only the necessary elements to achieve the slimmest possible appearance.

Equally, the slim, understated style of our SmartControl Concealed shower interface would also suit a minimalist bathroom design. The combination of a highly intuitive push button and volume control allows you to enjoy your personalised shower experience with any combination of spray modes and water volume from a single wall plate.

Our new SPA Colours range was developed to further customise your bathroom aesthetic to your personal style. Enjoy the freedom of choice between 10 beautiful colour and finish combinations, covering a full range of products from faucets to accessories. All with the long-lasting surface quality you rightly expect from a GROHE solution.

At GROHE, we want you to create a room you love. We believe that the key to your satisfaction lies within a holistic range of products from one source. Therefore, GROHE offers your full-line supplier of complete bathroom solutions a comprehensive product range that supplement any style and any project – helping you to realize the very personal bathroom you have always dreamt of.

We strive for an excellence that goes way beyond the surface of our products. In fact, from design to production and customer service we aim for nothing less than perfection at every stage. Our history of great German engineering, rigorous internal tests and numerous external certification processes are what gives our customers complete confidence in a name they can trust.

FAUCETS

GROHE bathroom faucets unite award-winning design with the finest materials and the latest industry-leading technologies to match your personal style.

GROHE **SILKMOVE**

Only GROHE faucets operate with an action so smooth we have dubbed it GROHE SilkMove. Naturally, they also offer delicately precise control of water flow and temperature to match. GROHE SilkMove cartridge discs are made from a space-proven ceramic alloy with Teflon technology so that working a mixer lever is effortlessly easy – and remains that way for decades to come. In fact, in a comprehensive battery of mechanical wear tests conducted by the German Technical Inspection Agcy, TÜV, our high-tech cartridges produced in-house at GROHE outstripped all products from big-name international manufacturers.

GROHE
ECOJOY

SAVE PRECIOUS RESOURCES AND ENJOY 100% WATER COMFORT.

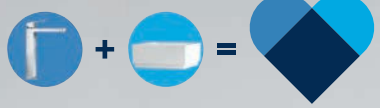

All GROHE EcoJoy products are systematically designed to save water and energy so that precious resources are conserved. GROHE
SAFETY MIXERS

PRECISION CONTROL FOR A RELAXED SHOWERING EXPERIENCE.

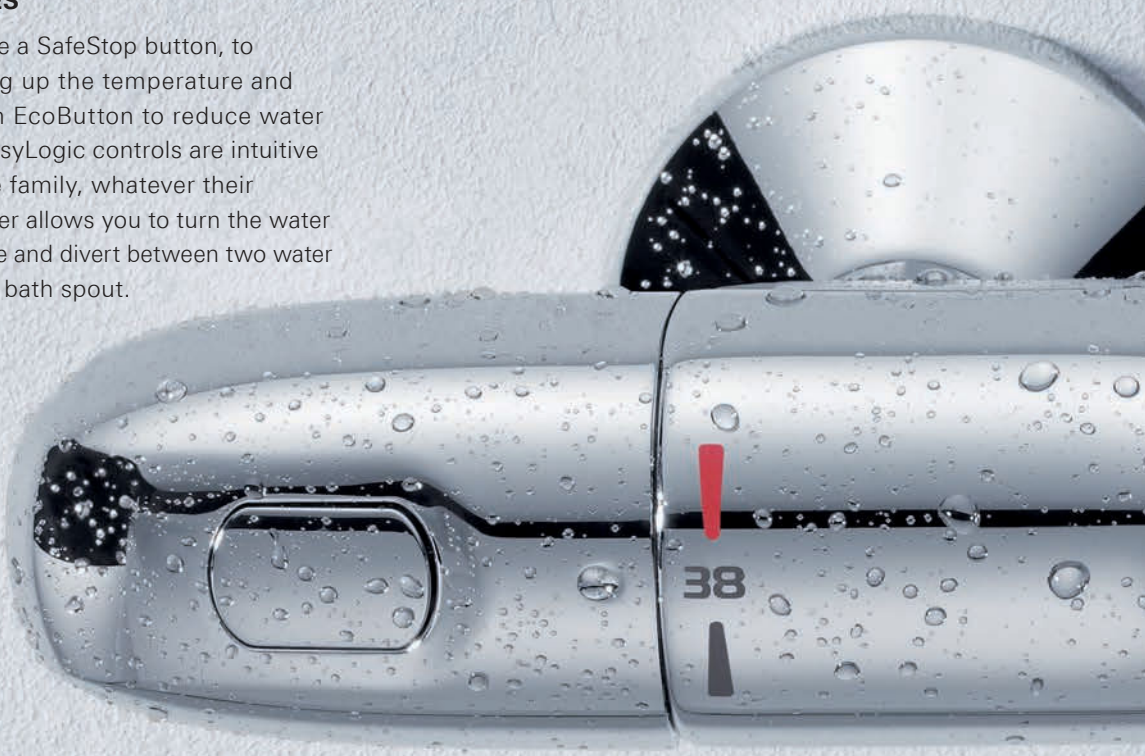

As our benchmark when constructing GROHE safety mixers we used the most sensitive thermometer around – your skin. The revolutionary safety mixers in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire. GROHE TurboStat is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

COMFORT, SAFETY, SAVINGS

We've all been there before. You've just stepped into the shower when someone else in the house either turns on a faucet or flushes the toilet; suddenly the temperature of your shower plummets or becomes scalding hot – leaving you with soap in your eyes as you try to manually adjust the temperature back to a comfortable level. Install a GROHE thermostat and you can be sure of a safe and enjoyable showering experience every time.

USER-FRIENDLY FEATURES

Our safety mixers also feature a SafeStop button, to prevent children from turning up the temperature and scalding themselves, and an EcoButton to reduce water usage by up to 50 %. Our EasyLogic controls are intuitive to use and cater to the entire family, whatever their height, while the AquaDimmer allows you to turn the water on and off, adjust the flow rate and divert between two water outlets, e.g. hand shower and bath spout.

GROHE **TURBOSTAT**

ALWAYS THE RIGHT TEMPERATURE, FOR ULTIMATE CONVENIENCE AND SAFETY.

GROHE TurboStat technology lies at the heart of our thermostat. The thermoelement unrivaled sensitivity means it delivers water at the desired temperature within a fraction of a second – and keeps it constant for the duration of your shower. No more time and water wasted getting the temperature right. And if the cold water supply fails, it reacts instantly: hot water will shut off automatically to avoid the risk of scalding.

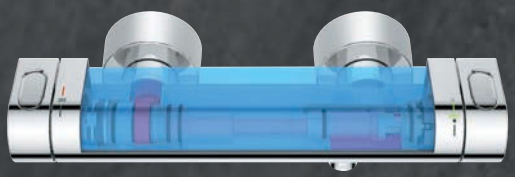

GROHE

GROHE
COOLTOUCH

SAFETY FIRST WITH 100 % GROHE COOLTOUCH.

GROHE's CoolTouch technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our safety mixers to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface - so it's never too hot to handle. On top, Grohtherm 3000 and 2000 feature GROHE CoolTouch wall unions to perform 100 % GROHE CoolTouch for safety surround. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

GROHE CoolTouch safety housing with water cooling

GROHTHERM 3000 COSMOPOLITAN

MINIMALIST & 100 % GROHE COOLTOUCH.

Grohtherm 3000 safety mixers are based on an aesthetic philosophy based on simple cylinders in perfect proportions, creating balance and harmony enhanced by GROHE StarLight chrome, a deep luxurious finish.

While GROHE TurboStat maintains your perfect water temperature, GROHE CoolTouch eliminates the risk of scalding from hot chrome surfaces, while the EcoButton enables you to reduce your water consumption up to 50 %.

GROHE
SMARTCONTROL

THINK OF A SHOWER. ISN'T IT SIMPLY WATER DROPLETS FALLING DOWN? IT'S HARDLY ROCKET SCIENCE.

And yet what GROHE SmartControl does with water has to be felt to be believed. It elevates the simple shower to a whole new shower experience that seems to have been made for you alone.

The intelligence of GROHE SmartControl lets you rediscover the element of water: you can surround yourself with fat, lazy droplets like a summer rain or lend form to the water to massage and soothe away the day. Turn the volume all the way up for a deluge or down to deliver a fine spray. Or choose the right degree of warmth for every water drop. All at the touch of your finger.

GROHE SMARTCONTROL **COMBI SHOWER SYSTEM**

THE BEST OF BOTH WORLDS:

Flexibility best describes the benefits of choosing the GROHE SmartControl Combi shower system, offering as it does a range of different installation options and also a range of possible combinations.

This means for example, that you are free to position the thermostat either vertically under the showerhead or if you choose, away from the central axis – or even on one of the side walls of the shower. Flexibility also extends to the way you can combine the thermostat with other GROHE head, hand or body showers, creating your own personal shower experience. In addition you have the option of turning your bath into a shower – by combining the SmartControl thermostat with a bathtub inlet and a hand shower.

Like the GROHE SmartControl Exposed, the “excealed” solution is also available in the versions Duo and Mono and also offers shelf space for shampoo and shower gel. With the GROHE SmartControl Combi shower system, the piping runs within the wall, connecting the SmartControl thermostat and the head shower. No shower rod means that cleaning is effortless - just one more of the pleasures you can expect from the GROHE SmartControl Combi shower system.

GROHE SMARTCONTROL **CONCEALED**

THE NOT-SO-HIDDEN BENEFITS:

Space – we'd all like to have more of it, especially in the shower area, where it is often in short supply. So when you have the luxury of planning your shower from scratch, then GROHE SmartControl Concealed is a wonderful option. With its concealed installation and exceedingly slim design, GROHE SmartControl Concealed offers more space under the shower and an uncluttered clean look.

Freedom of design too: GROHE SmartControl Concealed also offers a number of design variants. A wide selection of suitable trim sets – available in both round and square forms - and showers ensures that the style chosen for the bathroom extends seamlessly into the shower area. It also offers additional benefits of a practical kind: cleaning becomes faster and more convenient, thanks to the flat, streamlined design.

Of course GROHE SmartControl Concealed also offers the many features shared by GROHE SmartControl Exposed and the GROHE Combi shower system: from precise and intuitive volume and temperature control, to your choice of showers sprays at the touch of a button.

GROHE SHOWERS
THE SPRAYS

ENJOY VARIETY – REJUVENATION OR RELAXATION?

Our unique design distributes the same amount of water to each and every nozzle, resulting in an even spray. So whatever pattern suits your mood – Normal, Champagne Spray, Pure, Jet, Rain or Massage – you're guaranteed that it will be an all-over exhilarating experience.

The new sprays, GROHE PureRain Spray, GROHE Bokoma Spray and GROHE Rain O^2, are just the latest examples of GROHE DreamSpray technological innovation.

NORMAL SPRAY

GROHE BOKOMA SPRAY
Eight dynamic spray nozzles create a 'breathing' effect, recreating the tension-relieving sensation of a fingertip massage.

PURE SPRAY
The name says it all. A soft stream of pure water delivered from the centre of the shower head – reminiscent of a fresh, mountain spring.

STICK SHOWERS

MINIMALISM IS AN ONGOING TREND IN THE BATHROOM.

GROHE stick hand showers and shower sets are perfect for installing next to the bathtub, in a minimalist, tailor-made shower, or just as a shower set to enjoy a refreshing GROHE shower in today's stylish bathrooms.

All GROHE hand showers feature an inner water guide that prevents the radiant GROHE StarLight chrome finish from cracking and ensures it's never too hot to handle. This is a real plus when using very hot water to clean the bath.

WELCOME TO A NEW **CATEGORY OF CLEAN**

Softer on the skin, more soothing and more hygienic than wiping with paper – let the new GROHE Shower toilets broaden your horizons about how good your daily cleansing routine can make you feel.

WHEN GERMAN DESIGN AND ENGINEERING MEET **JAPANESE** SPA CULTURE

Would you eat raw fish without knowing something of the culture and tradition of sushi? We have learned so many things from Japan's culture: bathing rituals, eating rituals, manufacturing processes. We studied their advanced sanitary customs and technological know-how and now introduce a new and revolutionary sanitary concept based on breakthrough technology. A technology that cares intelligently and that will change your life – at least, an essential and most private part of it.

INTELLIGENT CARE
INTRODUCING THE NEW CLEAN: GROHE SENSIA ARENA

DESIGN
THAT CARES

Good design should be instinctive to use, with form and function marrying perfectly to create objects that make you feel instantly at home. Our design for the new GROHE Sensia Arena is pure and fuss-free. We've designed it with clean lines that leave dirt nowhere to hide, its smooth shape a model of discreet elegance. It includes details that will give you a subtle sense of comfort, from the nightlight that guides you through the bathroom after dark to the automatic open and close feature of the lid, each one carefully thought out to make you feel looked after and secure. For its sleek silhouette to its technologically advanced finish we believe that with the Sensia Arena we've set the benchmark for the future of personalized, clean comfort.

Michael Seum, GROHE Design

BESTMATCH

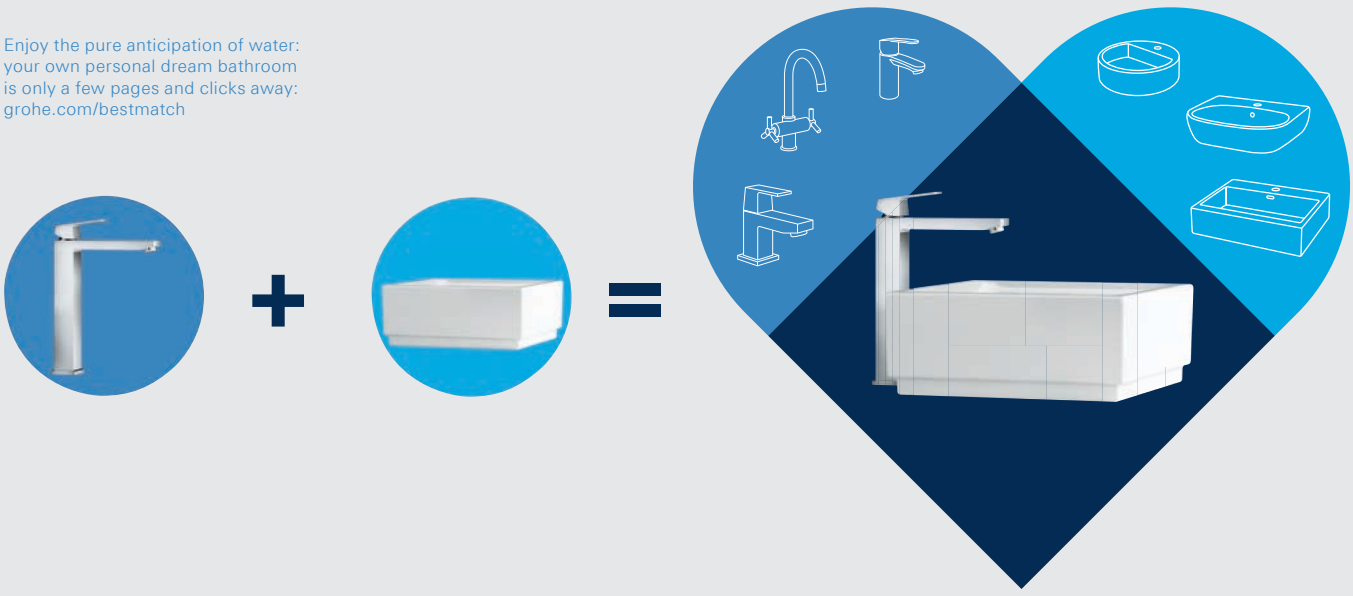

CHOICE MADE SIMPLE.

At GROHE our Masters of Technology and team of designers are tireless in their endeavours to expand our range, meaning that GROHE's selection of designs, materials, sizes and technical features is almost infinite. The result can be a difficult question: how to be certain that your preferred product matches and works perfectly with your chosen sanitaryware? Now there is an instant answer. The GROHE BestMatch online tool, which you can use as a website or app, instantly provides you with all the information you need to match ceramics and faucet by design, comfort and waterflow. Quick as a flash it finds the best faucet and washbasin option from more than 3.500 combinations tested in the GROHE laboratory – in other words, the best match.

ABOUT GOOD AND PERFECT INTERACTION.

Do you not only want a combination of washbasin and fitting, but also a perfectly matched complete bath solution? No problem: In addition to the test criteria of 'design,' 'comfort' and 'water flow', the new criterion 'completeness' considers the complete GROHE product portfolio, which was matched to fit 100% by the GROHE in-house design team. Only those combinations which have achieved three stars in the category 'completeness' may be designated a PerfectMatch. Whether washbasin, fitting, shower solution or accessory, everything here is a perfect match. From now on, it will be particularly easy to find a complete bathroom solution thanks to GROHE PerfectMatch. Harmony between technology, appearance and style are guaranteed.

Enjoy the pure anticipation of water: your own personal dream bathroom is only a few pages and clicks away: grohe.com/bestmatch
