LINEARE

SENSUAL MINIMALISM

The cosmopolitan aesthetic of Lineare is minimal yet highly inviting. In keeping with the concept of minimalism, Lineare has been reduced to only the necessary elements to achieve the thinnest possible appearance. The line is based on a composition of two simple geometric structures – cylindrical bodies and thin rectangular forms of the handle and spout create beautiful harmonious compositions.

GROHE
EUROSTYLE

INSPIRED BY NATURE

The bathroom should be a place where you can feel nature with all your senses. A place that reflects your sensuality and blends with your own nature. The GROHE Eurostyle turns this intuition into reality. The organic design and natural aesthetic are both pleasing to the eye and a joy to use. The result is a relaxed atmosphere where you can enjoy peace and instinctively feel at home, in a totally natural way. How inspiring.

Creating a beautiful area for bathing and showering can often be a challenge, since the space available is frequently very limited. The GROHE Rapido SmartBox System offers the luxury of extra space thanks to our super slim trimsets. One great advantage is the extra flexibility that comes with our system, allowing you to install the box now and decide on the final design and look later on.

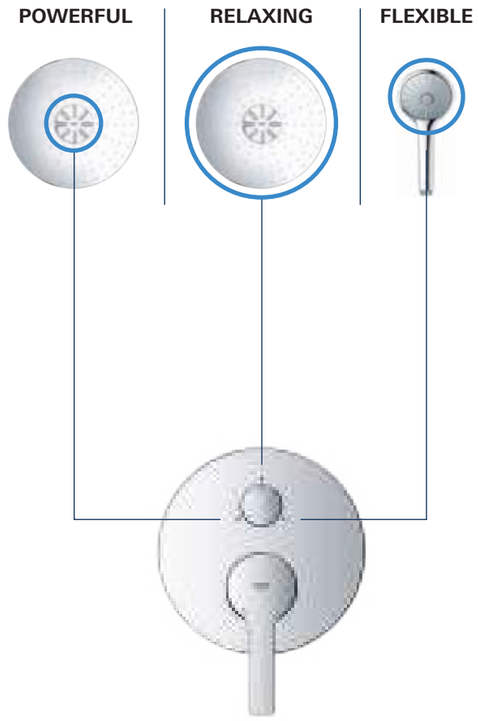

SHOWER PLEASURE TO **THE POWER OF THREE**

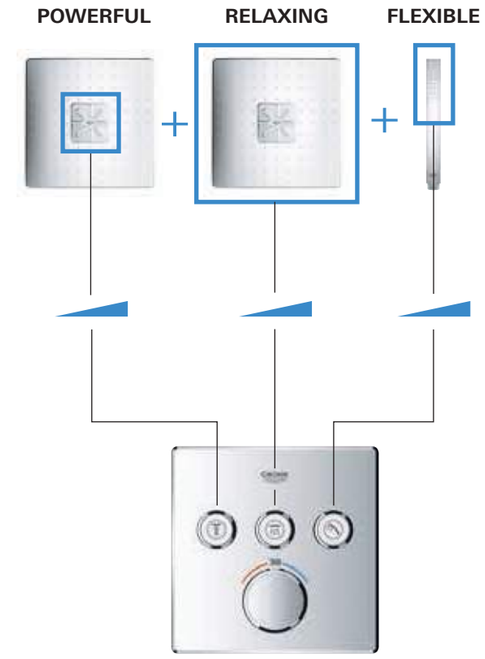

CONTROL UP TO THREE SHOWERS WITH JUST ONE TRIM

Today's trend is for a multiple shower experience that offers more than simple bath/shower combinations. The downside is that for this to work, you need two rough-ins and two trims to control a hand shower and a two-spray head shower: up until now.

With just one rough-in and one trim, it is possible to enjoy two head shower functions. The pleasure of using two head shower sprays is enhanced by the Rainshower 360 and the new Rainshower 310 head showers. Designed to be the perfect match, they deliver an unmissable shower sensation.

The GROHE SmartControl Concealed has an integrated sealing system, completely eliminating water behind the wall.

SYMBOLS CAN BE CHANGED

SPACE-SAVER

Designed and engineered for more comfort, convenience and space, our two-handle thermostats look deceptively simple. The exceedingly narrow plates, with a width of just 10 mm, and the slim design of the controls ensure that the overall outreach is a mere 43 mm. All our two-handle thermostats offer this combination of good looks and extra space.

Our single-lever mixers perform outstandingly, offering comfortable and intuitive control. GROHE **THERMOSTATS**

PRECISION CONTROL FOR A RELAXED SHOWERING EXPERIENCE.

As our benchmark when constructing GROHE thermostats we used the most sensitive thermometer around – your skin. The revolutionary thermostats in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire. GROHE TurboStat is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

COMFORT, SAFETY, SAVINGS

We've all been there before. You've just stepped into the shower when someone else in the house either turns on a faucet or flushes the toilet; suddenly the temperature of your shower plummets or becomes scalding hot – leaving you with soap in your eyes as you try to manually adjust the temperature back to a comfortable level. Install a GROHE thermostat and you can be sure of a safe and enjoyable showering experience every time.

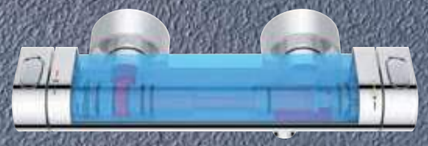

USER-FRIENDLY FEATURES

Our thermostats also feature a SafeStop button, to prevent children from turning up the temperature and scalding themselves, and an EcoButton to reduce water usage by up to 50 %. Our EasyLogic controls are intuitive to use and cater to the entire family, whatever their height, while the AquaDimmer allows you to turn the water on and off, adjust the flow rate and divert between two water outlets, e.g. hand shower and bath spout.

GROHE **COOLTOUCH**

SAFETY FIRST WITH 100 % GROHE COOLTOUCH.

GROHE's CoolTouch technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our thermostats to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface – so it's never too hot to handle. On top, Grohtherm SmartControl, 3000 and 2000 feature GROHE CoolTouch wall unions to perform 100 % GROHE CoolTouch for safety surround. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

GROHE CoolTouch safety housing with water cooling

GROHTHERM **SMARTCONTROL**

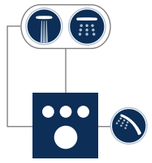

TURN UP THE VOLUME – OR DOWN IF YOU PREFER

GROHE SmartControl offers not just a choice of shower sprays, but also the precise control of water flow. GROHE SmartControl features an integrated volume control for an individual shower experience. A simple push of a button starts or stops the desired shower.

And just a turn of the dial allows for precise control of water volume. Thanks to the clear symbols on the buttons, operating them is simple and intuitive.

SHOWER PLEASURE TO **THE POWER OF THREE**

CONTROL UP TO THREE SHOWERS WITH JUST ONE TRIM

Today's trend is for a multiple shower experience that offers more than simple bath/shower combinations. The downside is that for this to work, you need two rough-ins and two trims to control a hand shower and a two-spray head shower: up until now.

With just one rough-in and one trim, it is possible to enjoy two head shower functions. The pleasure of using two head shower sprays is enhanced by the Rainshower 360 and the new Rainshower 310 head showers. Designed to be the perfect match, they deliver an unmissable shower sensation.

SWITCHING SPRAYS? YOU CAN DO IT WITH YOUR EYES SHUT

Our thermostats with conventional operation are anything but conventional themselves. We designed them to be as user-friendly and intuitive as possible. Turn on the hand shower by rotating the upper control button slightly to the left. To increase the water flow and obtain a more powerful spray, simply keep turning the button further to the left. And to switch over to the head shower head, turn the control button towards the right.

Continue turning to the right to turn up the volume. Also available as 1-function model to operate a single shower or 2-function model for shower and bath fill operation.

GROHE SMARTCONTROL **COMBI SHOWER SYSTEM**

THE BEST OF BOTH WORLDS:

Flexibility best describes the benefits of choosing the GROHE SmartControl Combi shower system, offering as it does a range of different installation options and also a range of possible combinations.

This means for example, that you are free to position the thermostat either vertically under the showerhead or if you choose, away from the central axis – or even on one of the side walls of the shower. Flexibility also extends to the way you can combine the thermostat with other GROHE head, hand or body showers, creating your own personal shower experience. In addition you have the option of turning your bath into a shower – by combining the SmartControl thermostat with a bathtub inlet and a hand shower.

Like the GROHE SmartControl Exposed, the “excealed” solution is also available in the versions Duo and Mono and also offers shelf space for shampoo and shower gel. With the GROHE SmartControl Combi shower system, the piping runs within the wall, connecting the SmartControl thermostat and the head shower. No shower rod means that cleaning is effortless – just one more of the pleasures you can expect from the GROHE SmartControl Combi shower system.

GROHE SMARTCONTROL **CONCEALED**

THE NOT-SO-HIDDEN BENEFITS:

Space – we'd all like to have more of it, especially in the shower area, where it is often in short supply. So when you have the luxury of planning your shower from scratch, then GROHE SmartControl Concealed is a wonderful option. With its concealed installation and exceedingly slim design, GROHE SmartControl Concealed offers more space under the shower and an uncluttered clean look.

Freedom of design too: GROHE SmartControl Concealed also offers a number of design variants. A wide selection of suitable trim sets – available in both round and square forms – and showers ensures that the style chosen for the bathroom extends seamlessly into the shower area. It also offers additional benefits of a practical kind: cleaning becomes faster and more convenient, thanks to the flat, streamlined design.

Of course GROHE SmartControl Concealed also offers the many features shared by GROHE SmartControl Exposed and the GROHE Combi shower system: from precise and intuitive volume and temperature control, to your choice of showers sprays at the touch of a button.

SHOWER PLEASURE TO **THE POWER OF THREE**

CONTROL UP TO THREE SHOWERS WITH JUST ONE TRIM

Today's trend is for a multiple shower experience that offers more than simple bath/shower combinations. The downside is that for this to work, you need two rough-ins and two trims to control a hand shower and a two-spray head shower: up until now.

With just one rough-in and one trim, it is possible to enjoy two head shower functions. The pleasure of using two head shower sprays is enhanced by the Rainshower 360 and the new Rainshower 310 head showers. Designed to be the perfect match, they deliver an unmissable shower sensation.

German innovations have always been a driving force behind the success of GROHE showers. Rainshower, Euphoria and Tempesta are made in GROHE's shower factory in Lahr, in Germany's Black Forest. GROHE has been producing its innovative showers and shower engines in Lahr since the late seventies. Each GROHE shower therefore benefits from the wealth of the company's accumulated shower knowledge.

From injection moulding, welding and galvanising of plastic components to assembly, quality inspection and packing – proven expertise and diligent work at every stage of the process are key to the high quality of GROHE showers. THE SPRAYS

RAIN SPRAY
Wide and luxurious – a soft, delicate pattern to soothe the skin. Mimicking warm summer rain, the spray provides a full and even coverage.

GROHE RAIN O² SPRAY
A soft, smooth spray based on our original Rain Spray. Water drops are infused with air for a wide and fuller spray.

ACTIVERAIN SPRAY
Innovative spray to loosen up tense muscles or rinse shampoo out of your hair.

SMARTRAIN SPRAY
All the features and benefits of our authentic Rain spray but with a reduced flow. A smart pattern that uses less water to deliver full showering enjoyment.

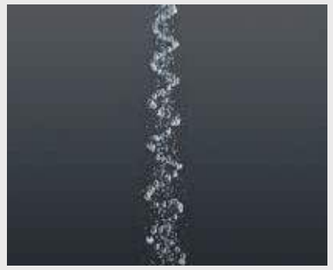

JET SPRAY
A focussed circular spray, which delivers a refreshing burst of water. Ideal for stimulating the skin or simply cleaning the bathtub or shower.

PURE SPRAY
The name says it all. A soft stream of pure water delivered from the center of the shower head – reminiscent of a fresh, mountain spring.

ENJOY VARIETY – REJUVENATION OR RELAXATION?
Our unique design distributes the same amount of water to each and every nozzle, resulting in an even spray. So whatever pattern suits your mood – Rain, Pure, Jet, Massage or Champagne spray – you're guaranteed that it will be an all-over exhilarating experience. GROHE PureRain spray, GROHE Bokoma spray and ActiveRain spray, are just the latest examples of GROHE DreamSpray technological innovation.

MASSAGE SPRAY
A pulsating spray pattern for a stimulating massage. Gives a unique and invigorating all-over massage.

BOKOMA SPRAY
Eight dynamic spray nozzles create a 'breathing' effect, recreating the tension-relieving sensation of a fingertip massage.

TRIOMASSAGE SPRAY
The combination of the renowned Bokoma spray and two Massage sprays gives you a head and shoulder massage in one combined spray.

WATERFALL SPRAY
An extra wide spout creates the sensual pleasure of a waterfall in your own bathroom.

DRIZZLE SPRAY
Revitalizing cool water mist acts like a fresh sea breeze.

CHAMPAGNE SPRAY
Enriched with air for bigger and softer water droplets. More air means that less water is required when using this fulfilling and gentle spray pattern.

GROHE
RAINSHOWER 310 SMARTCONNECT

REACH HAPPINESS... WITH JUST A TOUCH.

Comfort, control and showering pleasure are all within easy reach, thanks to the new GROHE Rainshower 310 SmartConnect head shower. With a slim, minimalist profile and generous 310 mm diameter this head shower is an ideal fit for modern bathrooms, with round and square models offering plenty of design options.

The head shower has two spray options to suit your mood – the gentle GROHE PureRain spray and the powerful ActiveRain spray, powerful enough for rinsing hair or providing an invigorating massage experience. And thanks to the innovative remote control function, you can change or combine the sprays without having to reach up into the shower itself – just place the control within comfortable reach.

The remote control is operated wirelessly, meaning you can place it anywhere, with screw-fixing or screw-free options included. And as it is battery powered there is no need for complex fitting or rewiring. Add to this the fact that the shower head itself is designed to fit on to an existing shower arm and it all adds up to a shower that is easy and fuss-free to fit… meaning you can experience the full freedom and convenience of Rainshower SmartConnect without having to wait.

GROHE
STICK SHOWERS

MINIMALISM IS AN ONGOING TREND IN THE BATHROOM.

GROHE stick hand showers and shower sets are perfect for installing next to the bathtub, in a minimalist, tailor-made shower, or just as a shower set to enjoy a refreshing GROHE shower in today's stylish bathrooms.

All GROHE hand showers feature an inner water guide that prevents the radiant GROHE StarLight chrome finish from cracking and ensures it's never too hot to handle. This is a real plus when using very hot water to clean the bath.

As of now, the GROHE Sensia Arena does everything better. It cleans you with warm water. It reduces unpleasant odors. It has special hygienic coatings, and powerful flushing keeps the toilet clean. It can be controlled easily and conveniently via a remote control. And its elegant design blends seamlessly into any bathroom. Step into the new age of toilets with the GROHE Sensia Arena – and enjoy that first-class clean feeling every day.

DESIGN THAT SUITS YOUR STYLE.

THE GROHE SENSIA ARENA SUITS ANY BATHROOM PERFECTLY.

Thanks to our sensitive intuitive design language, our products always feel as though they were designed especially for you. The GROHE Sensia Arena has received 14 design awards to date, including a Red Dot Award, an iF Design Award and a Green Good Design Award.

The GROHE Sensia Arena is intuitive. Like all our products, it's designed to make your life more attractive and, above all, simpler. So it won't just be love at first sight – you'll understand it completely at first glance.

ENJOY A WEALTH OF BENEFITS THAT WILL FIT YOU LIKE A GLOVE

Your bathroom and toilet should feel like the cleanest space in the house! We know that to feel totally clean you need to have confidence, that your shower toilet is pristine and hygienic too. That's why every design detail has been carefully considered to offer new levels of cleanliness at every stage. Special hygienic coatings and powerful flushing keep the toilet clean while the self-cleaning, anti-bacterial spray arms give you total peace of mind when using the spray function.

FEEL PERFECTLY CLEAN

With a selection of fully adjustable sprays, anti-bacterial twin shower arms and unlimited warm water for comfortable cleaning we offer perfect skin care.

ULTIMATE HYGIENE

Thanks to our innovative AquaCeramic coating, rimless toilet design, and powerful Triple Vortex flush, it is hard for dirt and impurities to settle. Our HyperClean glaze reduces the builtup of bacteria by up to 99,9 %. The self-cleaning, anti-bacterial spray arms are protected behind a 99,9 % antibacterial nozzle guard for maximum hygiene. The PlasmaCluster technology removes bacteria, even those hiding in the farthest corner of the bowl or ceramic surface.
